After you set up EZpay, every time we process a bill of yours, we will send you an email asking you to approve the payment for the amount due.

EZpay will combine your payment with payment from your health insurance so that we pay your healthcare provider in full.

If you are new to the HealthEZ plan, keep an eye out for your medical ID card. Once you receive that, you can setup your myHealthEZ account.

If you need a replacement card, log into to your myHealthEZ account and request a new card be printed and mailed, or download a digital copy directly to your device!

Dependents over the age of 19 can create their own myHealthEZ account to manage their plan and request a replacement ID card or download their ID card directly to their own devices.

Your medical network is Cigna.

What is a medical network?

Your medical network is a group of healthcare providers. It includes doctors, specialists, hospitals, surgical centers and other facilities. These healthcare providers offer services at a lower rate than out-of-network providers, which you will see reflected on your statements as a discount.

What if I go outside of my medical network?

There may be times when you decide to visit a doctor or clinic that is out-of-network. The costs for these visits and services will always be higher than seeing doctors that are in-network. You will be responsible for paying the difference between the provider's full charge and the amount your health insurance plan pays. This is called balance billing.

How do I know if my provider is in-network?

Please visit HealthEZSample.com, and click "Find Care."

Your Pharmacy Benefit Manager is MagellanRx.

What is a Pharmacy Benefit Manager?

Pharmacy Benefit Managers (PBMs) reduce prescription drug costs and improve convenience and safety for consumers. Your PBM administers your prescription drug plan and offers a network of pharmacies that offer more affordable medications.

What is Mail Order?

If you take maintenance medications for long-term conditions like arthritis, asthma, diabetes, high blood pressure or high cholesterol you could save money with Magellan Rx Home, Magellan's mail service pharmacy. Visit [HealthEZSample.com](https://www.healthezsample.com) for more information on how to get started and to download the Magellan Rx Home mail service forms.

What is Step Therapy and Prior Authorization?

Step Therapy is a program that requires members to initially try preferred, medically proven and less expensive prescription drugs before "stepping up" to more expensive drugs.

Prior Authorizations promotes the use of safe, effective and reasonably-priced drug therapy. Your healthcare provider is required to provide medical information to determine coverage.

For questions on Step Therapy or your Prior Authorization, contact Magellan Rx at 800-424-5828.

What are Generic drugs?

Generic drugs are copies of brand-name drugs and are the same as those brand-name drugs in dosage form, safety, strength, route of administration, quality, performance characteristics and intended use. Although generic drugs are chemically identical to their branded counterparts, they are typically sold at substantial discounts from the branded price. To find out if there is a generic equivalent for your brand-name drug, talk to your doctor or visit [MagellanRx.com](https://www.MagellanRx.com).

Maternity support

Our Boost Your Baby program matches moms-to-be with a Mommy Mentor to support a healthy pregnancy. It's a non-clinical support system for future moms to use throughout their pregnancy. We promise to: provide good and honest information, be supportive when you need us, make life easy and simple (at least the parts we can), and respect mom & dad's wishes.

Benefits of program include monthly support from a mommy mentor, free breast pump and gifts, nurses available 24/7 for any medical advice or high risk care, and miscarriage support.

Visit boostyourbaby.com, or call 800-808-4848 to learn more.

Care management

If you need a medical service like a surgery or hospital stay or your doctor diagnoses you with a complex medical condition, a HealthEZ nurse may contact you. The nurse will help you understand your treatment options, coordinate services among your doctors and ensure you have everything you need for a quick recovery and are receiving the right care in the right setting.

We provide tips to members living with chronic health conditions, like diabetes, hypertension and high cholesterol. We can also provide these members with referrals to healthcare providers. Our team of doctors and nurses believe that the key to lasting change is partnering with you to offer realistic advice and support.
